**Communication Regarding Submission of Formal Drawings**

Applicants include herewith a set of formal drawings, designated as replacement formal drawings. These drawings are replacing those submitted on August 19, 2003, because those drawings inadvertently included some errors and changes from the originally filed drawings. The drawings submitted herewith do not include any changes from those that were originally filed with the application, and therefore, there are no amendments to the drawings included with the Amendment filed herewith.

The Office is invited to contact Applicants' Representative below if there are any questions or concerns regarding the replacement drawings that are being submitted herewith.

Respectfully submitted,
